

Shamshad PK

Data Analyst

WORK EXPERIENCE_

Hotel Abooz , Bangalore

Finance Manager

02/2022 - 08/2023

- Payroll Management
- Night Auditing
- Developing Cash Flow Statements
- Managing Credit
- Producing Accurate Financial Reports and Information
- Gathering and Monitoring Financial Data
- Managing Balance Sheets and profit/Loss Statements
- Managing All Accounting Transactions

Entri Elevate

Data Science Intern

10/2023 - 11/2023

- Led Supply Chain Optimization, using machine learning to resolve demand-supply gaps and improve warehouse shipments.
- Analyzed inventory challenges, cutting losses and optimizing warehouse logistics effectively.
- Spearheaded data-driven strategies, showcasing prowess in real-world data analysis and machine learning applications.

PROJECTS_

Supply Chain Optimization:

(Python,ML) 11/2023

- Reduced inventory loss by 95% through optimized shipments and demand-supply analysis.
- Achieved 98% accuracy in weight predictions using Gradient Boosting & XGBoost; visualized pandemic data for insightful analysis in Python.

COVID-19 Data Analysis Project:

(Python,Power Bi) 10/2023

- Analyzed global COVID-19 trends using Python's Pandas, Matplotlib, and Seaborn.
- Designed a dynamic Power BI dashboard for in-depth pandemic data exploration, including monthly trends and country-specific insights.

Pizza Sales Data Analysis :

(Power Bi,MySQL) 09/2023

- Analyzed pizza sales data from January to December 2015 using SQL and Power BI, comprising 48,621 rows, to derive key insights.

Banking System Project :

(Python) 05/2023

- Engineered Python-based banking system enabling transactions, user management, and secure validation processes.
- Developed interactive menus, account creation, and robust functionalities for withdrawals, deposits, and inquiries.

SKILLS_

Data Analytics Expertise:-

- Data Analytics
- Data Preparation
- Data Visualization
- Machine Learning
- Programming

Technical Skill:-

- Python
- SQL
- Pandas
- Power BI
- NumPy
- Matplotlib
- GitHub
- Excel

SOFT KILLS_

- Critical Thinking
- Creativity
- Teamwork
- Problem-solving
- Adaptability
- Leadership

EDUCATION_

Singhania University

Bachelor of Science

Computer Science

Higher Secondary

Biology Science

CERTIFICATION_

• Entri Elevate:
Data Science and Machine Learning Course

• Hacker Rank:
SQL (basic)

• Udemy:
Python

LANGUAGES_

- Malayalam
- English
- Hindi
- Tamil
